

Helping you achieve your business objectives

The members of the Aaron & Partners LLP Corporate Team are specialists in company and business transactions; private equity and venture capital transactions; company restructuring; joint ventures; partnership law and limited liability partnerships.

Our team is committed to giving high quality, practical and commercial legal advice to owner-managed businesses, corporates, business angels and venture capitalists.

AARON & PARTNERS LLP

SOLICITORS

Acting for a range of companies from regional SMEs to national and international companies, our Corporate Team brings commitment, experience, technical ability and, most of all, commercial acumen to every deal.

By working closely with you, our team can identify and analyse all internal and external factors connected with your business, allowing them to find the best commercial solution to achieve your overall business objective.

So, whether you are on the look out for prospective companies to acquire, investment to fund your growth plans or seeking to make the most from the company you have worked hard to run and develop, the Aaron & Partners LLP Corporate Team can help ensure that you achieve the best possible outcome.

Company Acquisitions and Disposals

We act for both buyers and sellers of companies across a wide range of business sectors. We have particular expertise in the technology and service sectors.

Business Investment

We act for investment funds, private investors as well as the growing dynamic companies where venture capital and private investment is typically needed.

Aaron & Partners LLP remains an active participant in the SME sector and has built an impressive record in M&A transactions
